

Physics & Astronomy at the University of Wyoming

Among our degree options:

Physics B.S.

Physics B.A.

Physics Plus B.S.

Physics/Education B.A.

Astronomy B.S.

Popular 2nd major for engineering students

Specialize in a technical area of your choice

Be a high school physics teacher!

Current Physics Research

Nanotechnology

Solar Cells / Photovoltaics

Spintronics

Materials Science

Magnetic Transport

Quantum Processes

Current Astrophysics Research

Cosmology

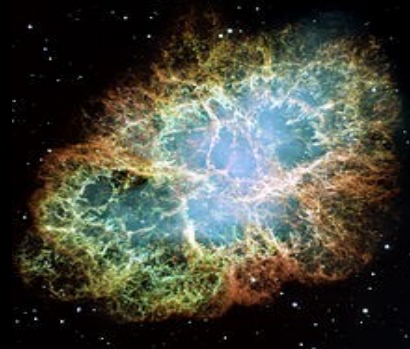

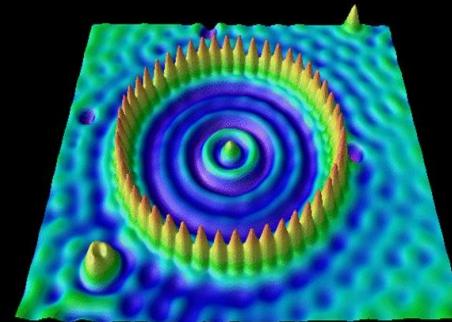

ExoPlanets

Star Formation

Quasars

Galaxies

Instrumentation

Physics Teachers rank #1 in Demand vs Supply

The perceived demand for school teachers, on a 1 – 5 scale (63 total categories)

Considerable shortage

Physics	4.26	#1
---------	------	----

Some shortage

Math	4.13	#2
Chemistry	4.12	#3
Special Ed.	4.06	#4
Biology	3.78	#16
Spanish	3.52	#22

Balanced

Reading	3.36	#27
Computer Science	3.02	#41
Business	2.68	#50

Some surplus

Art	2.37	#57
Elementary	2.08	#62

Considerable surplus

Social Studies	1.82	#63
